# **CONSTRUCTION NOTICE**

---

## **Reid Road Sanitary Sewer**

### **January 2<sup>nd</sup> to January 22<sup>nd</sup>, 2015**

Please be aware that Copcan Contracting Ltd has been contracted by the Regional District of Nanaimo to perform works involved with the extension of the existing Sanitary Sewer along Reid Road between property numbers 816 to 838 Reid Road. In general the work will include the installation of 134 metres of sewer piping including 2 new manholes.

The scope of work will require that the workzone between 816 and 836 Reid Road be closed during construction hours, but will be opened up after hours. Therefore, it will be necessary to detour thru-traffic around the construction activities. Access for local residents will be maintained.

Copcan will strive to minimize disturbances during construction, however, certain disruptions will be unavoidable. During construction we are requesting that there be 'No Parking' on the closed section of Reid Road to allow construction equipment to operate in a safe and efficient manner. Access to your homes will be maintained at all times.

For residents of 815, 816, 822, 825, 832, 833 Reid Rd and 808 Wembley Rd, prior to construction, a stake will be placed at your property line to mark the proposed location of your new sanitary sewer service connection. If you would prefer the connection in a different location, please contact Ian Todd at (250) 739-3835, prior to January 5<sup>th</sup>, to review the feasibility of a new location.

Should you have any questions or concerns regarding this project we kindly ask that you direct all inquiries through the Regional District of Nanaimo.

Should you have any concerns regarding active construction activities or access within the construction project please contact Copcan Contracting Ltd at (250) 754-7260.

Your patience and understanding during this period is greatly appreciated.
