Subject: Re: Delegation - September 10

Peter Roosen is making a presentation on behalf of the property owner at 3560 Allsop Road in regards to the artistic garden railway located thereon, largely comprised of historic Vancouver Island mining and railway artifacts. He will also be speaking to the recommendations of the Chief Building Inspector.

Unfortunately, I have not had the opportunity to review any staff reports or RDN files in regards to the subject property since such have never been produced or disclosed by your office. If you could email those to me, that would be appreciated. Otherwise, I may be seeking an adjournment to allow for a reasonable discovery process.

10 minutes should be sufficient.

Regards, Peter Roosen
