Subject: Development Variance 863 Cavin Rd

I would like to voice my objection to the issuance of the development variance permit for 863 Cavin Rd. I do not feel it is in the best interest of the neighbourhood or the neighbours to allow the developer to divide a lot meant for one home into two and cramming two large homes on to a lot designated for one! The result will be a loss of view of Georgia Strait, Lasqueti and Texada Islands, as well as north shore mountain views! This will be to the total detriment of the neighbourhood and existing land values. I do not feel we should allow a developer to profit at the detriment of the neighbourhood!

Regards
Ron Tillett
